

[radiations] radiating therefrom. [Along said] A seating extends along the frame, in a position corresponding to the periphery of [said] the panel, [there extends a seating (5) in which there is accommodated] for accommodating a tubular light source [(6)] or a light source distributed along the seating.

On page 8, line 11, delete “(Fig. 1)”.

IN THE SPECIFICATION

On page 1, line 1, delete “TITLE”.

On page 1, line 4, delete “DESCRIPTION”.

On page 1, line 5, replace “Field of the Invention” with - - **FIELD OF THE INVENTION** - -.

Please amend page 1, lines 6-9, as follows:

The present invention relates generally to lighting fixtures and, more particularly, to a lighting arrangement adapted for a door or window [with a lighting device. T he invention also relates to a lighting section capable of being used with or inserted in said door or window].

On page 1, line 10, replace “Description of the prior art” with - -
BACKGROUND OF THE INVENTION - -.

Please amend page 1, lines 11-20, as follows:

[The] Some lighting [of particular] environments [can become problematical on account of the fact that] are problematic as, either for aesthetic reasons or lack of an appropriate space, it [is] may not be possible to make use of [the] traditional light sources. This is particularly the case, for example, [of] with rooms [of] having particular artistic or architectural interest and [of] in halls and rooms [in] of museums. [On the other hand, there may also be needs deriving from] In addition, pure design considerations or [from] the mere arrangement of the room interiors [that] may also have characteristics that make it unfeasible [the installation of] to install light sources in a conventional manner.

On page 1, line 21, delete “moreover,”.

On page 1, line 30, replace “Objects and summary of the invention” with - -
OBJECTS AND SUMMARY OF THE INVENTION - -.

On page 1, line 31, replace “The” with - - An - -.

On page 2, line 2, replace “purpose” with - - object - -.

Page 2, lines 7-12, are deleted, as follows:

[These aims are attained by means of the door or window and the associated lighting section in accordance with the present invention, the feature of which are set out, respectively, in claim 1 and claim 6. Further important characteristics of the invention are set out in the dependent claims.]

On page 2, line 13, replace “Brief description of the drawings” with - - **BRIEF DESCRIPTION OF THE DRAWINGS** - -.

Please amend page 2, lines 14-24, as follows:

[The] Other characteristics and [the] advantages of [the] door or window and [the] associated lighting section, in accordance with the present invention, will [be] become apparent from the [following] description set forth below [of embodiments thereof], which is [given purely by way of example] exemplary and is not to be considered [limitative] limiting in any way, [said] such description making reference to the attached drawings [of,] in which:

[- Figure 1 shows] FIG. 1 is a partial cross-sectional view of a [first embodiment] door or window with lighting device and associated lighting section, according to one aspect of the present invention; and

[- Figure 2 shows] FIG. 2 is a partial cross-sectional view of a [second embodiment] door or window with lighting device and associated lighting section, according to another aspect of the present invention.

The same numerals are used throughout the drawing figures to designate similar elements. Still other objects and advantages of the present invention will become apparent from the following description of the preferred embodiments.

On page 2, line 25, replace “Detailed description of the Invention” with - - **DETAILED DESCRIPTION OF THE PREFERRED EMBODIMENTS** - -.

Please amend page 2, line 26 through page 3, line 7, as follows:

Referring now to the drawings and more particularly to [Figure 1, the reference number 1 has been used to schematically indicate] FIGS. 1-2, there is shown generally a specific, illustrative, door or window with lighting device and associated lighting section, according to one aspect of the present invention. Generally speaking, reference number 1 denotes a portion of a window frame, [while] and reference number 2 [indicates] signifies a glass panel supported in a conventional manner within [said] the frame.
